Already, there is double glazing and a PVC double-glazed front door, the loft floor has been insulated, a 200 litre boiler has been fitted, and there is a wood burner (new tubage 2023) and electric wall-mounted heaters as the heating source.

The garden wraps around the house and forge, one building can be accessed from the other via the garden - the forge also has access from the lane.

There is a large part-tiled kitchen-lounge area downstairs with a traditional granite fireplace with wood burner. The wooden staircase leads to a corridor, a shower room with WC, and 2 bedrooms. The main bedroom is L-shaped (13m²) and in the corner there is a wooden door and staircase leading up to the partially floored and...
