DESCRIPTION

Located in the heart of the largest ski resorts in the Alps, this professional laundry business benefits from a loyal customer base made up of professionals, local residents, and tourists.

The business operates across several premises with a total surface area of more than 300 m².

The facilities are fully equipped with high-performance professional equipment, including industrial washing machines, specialized dryers, ironing facilities, and infrastructure designed for efficient and profitable operations.

The shops in Les Menuires and Saint Martin are the only fully operational businesses of their kind in the valley.

Thanks to its excellent reputation and strategic location in a dynamic region with high tourist traffic, this business still offers strong potential for growth and diversification.

Ideal for a couple or even two business partners looking for a lifestyle change, relocating to the mountains, and taking over a turnkey operation that combines quality of life with profitability.

Between the exceptional setting, sustainable activity, and future development prospects, this company represents a genuine professional reconversion opportunity in one of France's most desirable destinations.

The freehold of these business premises is available for purchase, together with apartments suitable for staff accommodation.
