IN BRIEF

This complex of properties has one 2-bed gîte already finished and rented. There is a studio with small works to complete, plus a 70m2 building ready to be created into a house or gîte. There is plenty of land and a lake of approx. one hectare.

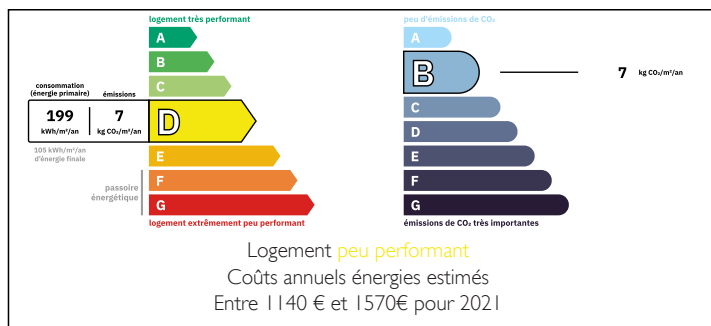

Sitting in the heart of the châteaux and vineyards of the Loire Valley, it is just 2km from the huge tourist attraction, the zoo Beauval, and 4km from the popular tourist destination of St Aignan sur Cher.

In St Aignan there are plenty of shops, bars, restaurants and supermarkets, as well as a mainline train station.

The city of Tours with TGV links and airport served by Ryanair, is just 55km from the property.

NOTES

DESCRIPTION

The main house is divided into two sections. The first is a 2-bed gîte recently renovated and currently rented out.

The second part is a studio, also newly renovated, with finishing touches to add - such as a W.C., hand basin and furniture. There is the possibility to increase the size of the studio, by using the attic space. If preferred, this area can also easily be connected to gîte next door.

The second building has been converted in order to create a large gîte or additional house. There are all the services required already installed, such as electricity, water and drainage. The floor has been concreted and the windows and doors are new doubled glazed ones. The roof structure has been completely replaced, and although there is metal roofing at the moment, the structure has been designed for a tiled roof.

Outside, there is a sunny terrace, large grounds, and a lake of approximately one hectare.

Additional photos will show the complete property, and are available upon request.

Things to note:

There is WIFI fibre at the property.

Heating system is of heat pumps and reversible air-conditioning units.

A new micro station for the sewage system was installed in 2021.

Every building has new double-glazed windows and doors.

There is a communal track that passes between the land and the terrace area. This is only used as access by the wine grower to occasionally access his vineyards.
