DESCRIPTION

The chalet is currently laid out with a small studio and storage caves on the entry level, the main living areas – including the lounge, dining room, kitchen, and laundry on the first floor, and three bedrooms with a bathroom on the upper level. The spacious terrace is located directly off the kitchen and dining area, providing a perfect outdoor space to enjoy the sun and surrounding views.

Current planning regulations do not permit an extension of the property's footprint; however, window openings can be modified and the internal layout can be reconfigured to create a modern living space with stunning mountain views.

We work closely with several trusted local developers, and it is possible to visit recently renovated chalets in the resort to get a clear sense of what can be achieved.

Sainte Foy Tarentaise is experiencing strong demand, as the resort retains its traditional alpine charm through strict planning laws designed to preserve its authenticity.

Often described as a hidden gem and a favourite among families, the resort is known for its safe, uncrowded slopes and extensive off-piste terrain.

Many of our clients are choosing Sainte Foy as their base to explore the wider Upper Tarentaise ski area in winter, and to enjoy the beauty of the Vanoise National Park during the summer months.
