#### DESCRIPTION

Presenting a contemporary home that has undergone a remarkable renovation, thoughtfully designed to align with modern-day living standards. This large-scale transformation involved all trades, resulting in a virtually new property built to a high specification.

The renovation includes fully insulated roofs, walls, floors, and ceilings, along with a reinforced and insulated concrete slab. Masonry work was carried out to a high standard, and all wooden joinery has low-maintenance, been replaced with powder-coated aluminium, complete with electric shutters. The property also features new insulated floor slabs, entirely new electrical and plumbing reversible air conditioning, systems, thermodynamic water heating system, an efficient ventilation system, and fully refurbished façades.

On the ground floor, you'll find a bright and welcoming living room. A modern staircase and lift provide access to the upper levels. The first floor offers two bedrooms and a shower room with WC. The second floor hosts a fully insulated and climate-controlled attic, equipped with electricity, two windows with electric shutters, and the potential for conversion.

The ground floor also includes a guest WC and a spacious open-plan kitchen with luxury appliances. Upstairs, there is a bedroom with an en-suite shower room and WC.

Outside, the property boasts a private garden with a sun terrace and low-maintenance planting, plus a driveway with parking for multiple cars. Every detail has been thoughtfully considered, from energy-efficient lighting and smart home controls to designer fixtures and finishes throughout.

Perfect for those seeking modern comfort in a tranquil rural setting, this home is just a short...
