Upon entering, you are immediately drawn to the striking central glass enclosed patio —an indoor garden that floods the home with natural light and creates a seamless connection between inside and out. The adjoining open-plan living and dining area is remarkable, with full-width glass patio doors that open entirely onto the terrace and pool area, creating an effortless indoor-outdoor lifestyle perfect for entertaining or simply enjoying the space.

The open plan living area opens into a modern kitchen which has access to a veranda.

The impressive, ground floor, master suite provides a private retreat, complete with a bedroom, dressing room, separate WC, and a beautifully finished bathroom with bath and shower, enhanced by elegant travertin tiling throughout.

Also on the ground floor is a second bedroom, a utility room, a separate WC, and additional storage space, offering both practicality and flexibility.

Upstairs, you will find three further bedrooms and a family bathroom with WC.

Comfort is assured year-round with a heat pump system, underfloor heating in the modern extension, and a pellet burner in the living area, combining efficiency with modern living. The property also benefits from an excellent energy rating (DPE B), solar panels with electricity sold back to the grid, and quality finishes throughout.
