DESCRIPTION

This handsome barn sits on a plot of 702m². It has two points of entrance, one of which are the large, traditional barn doors.

There is a well maintained lawned garden and a hanger, along with two smaller dependents which are attached to the barn itself.

This pretty hamlet is only one kilometre from a popular village and its elevated position provides beautiful countryside views.

The barn has its own fuse board with an electric light and a water connection. The roof is in good condition, as is the guttering. The footprint is 123.12m², this can obviously be doubled with the continuation of the mezzanine floor.

This would make an incredibly impressive home, upon completion of restoration via planning permission. It would also be incredibly useful as a storage base, garage, workshop etc.

This property is listed along with the main house, under Reference: A37500NAM16 should you wish to purchase in its entirety.
