DESCRIPTION

The property is entered from the front into a central hallway which leads to the rear garden and outbuildings.

The Lounge is accessed from the central hallway into the larger house which has a focal woodburning stove and double glazed windows to the front. The kitchen/dining room is accessed to the rear of the lounge and has a staircase to the upper floor, feature wood-burning stove and double glazed window and door to the outside courtyards garden.

Across the central hallway are connected bedrooms with one having direct access to the garden. There is also a very large bathroom with walk-in shower, electric hot water tank and window to the front of the property.

Up the staircase from the kitchen there are two connected bedrooms. The owner did not use them more recently but they can easily be integrated back into the house and the insulation on the floor removed.

Up a further staircase is access to the large full length loft which could offer another 36m² of habitable space subject to permissions or very useful storage.

The rear garden is fully enclosed and also has access to a large barn of 39m² and with a further loft access over the smaller of the cottages offering a further 36m² of storage or indeed further development potential.

The property is sure to appeal to those looking for a large family home, two smaller houses, holiday home/homes or gite potential in a pretty village location with amenities....
