DESCRIPTION

Two residential houses on more than one hectare of land with workshop

This property, consisting of two independent houses, represents a rare opportunity. It is suitable both for a family project (multi-generational living or combining two households) and for a rental investment, with existing rental income already in place.

Both homes have their own independent entrance, have been renovated, and are immediately habitable. They also benefit from high-quality double-glazed windows and doors.

At the rear of the property is a workshop of approximately 280 m² with a mezzanine, perfectly suited for artisanal, mechanical, or production activities. Thanks to its excellent visibility from the main road, this space offers a strategic location for developing a professional business.
