DESCRIPTION

Designed with family living in mind, this brand-new chalet offers generous, well-organised accommodation in one of the most sought-after locations in the Belleville Valley. Its practical layout, bright interiors and quality construction make it perfectly suited to year-round living.

The main level features a welcoming open-plan living space where the lounge, kitchen and dining area flow naturally onto a 12 sqm terrace. This outdoor space becomes a natural extension of the home, ideal for family meals, entertaining guests or simply enjoying the peaceful mountain surroundings.

The lower level is dedicated to the sleeping accommodation, comprising three bedrooms and a well-designed family bathroom, providing privacy and comfort for every member of the household.

A 17 sqm garage completes the property, offering secure parking together with useful storage space for skis, bikes and everyday equipment.

This chalet forms part of a carefully designed new development created exclusively for owner-occupiers as their primary residence. The project encourages a vibrant year-round community while preserving the authentic character of the village and avoiding the atmosphere of a purely seasonal resort.

Set in a traditional hamlet of the Belleville Valley, just 2 km from Saint Martin de Belleville, the property enjoys a peaceful setting within easy reach of shops, schools and local services. Throughout the seasons, residents benefit from exceptional mountain scenery, endless outdoor activities and an authentic Alpine lifestyle that makes the Belleville Valley such a desirable place to call home.
