DESCRIPTION

Standing on a 412 m² plot, the chalet offers 109 m² of habitable living space and a total floor area of approximately 258 m² across three levels. The property is presented in excellent condition throughout and includes a spacious garage, private parking, landscaped terraced gardens and multiple outdoor entertaining areas. Part of the ground floor also offers excellent potential for conversion into a self-contained studio apartment, providing additional accommodation for family or guests.

Entering through the electric gates, the private driveway leads to the chalet and spacious garage with workshop, offering extensive storage for vehicles, bikes and ski equipment. This level also provides access to the rear garden, a sheltered terrace and a cosy snug. A double bedroom, dressing room and separate WC complete the ground floor accommodation, while the existing layout lends itself well to the creation of an independent guest suite if desired.

The first floor forms the heart of the home. A bright, open-plan living and dining area centres around a stylish pellet stove, creating a warm and welcoming atmosphere throughout the year. Large sliding glass doors open onto the covered front dining terrace, perfectly positioned to enjoy spectacular views towards the Les Deux Alpes ski area. To the rear, the living room extends onto a second elevated terrace overlooking the landscaped garden, creating a seamless connection between indoor and outdoor living. This floor also features a contemporary fitted kitchen and a modern shower room.

On the top floor are two charming alpine-style bedrooms...
