DESCRIPTION

This lovely little property with exposed beams and stone walls, has one large downstairs space (sitting/dining area), with wood pellet stove and corner fitted kitchen. There is a door out to the rear garden and a door through to the adjoining garage/barn.

Upstairs there are two bedrooms, a bathroom with shower above the bath, and a separate WC. Natural travertine-coated walls. Another staircase leads to the loft.

The loft is large, and there is scope for conversion (the current owners had envisaged 3 bedrooms and another bathroom). The ground floor of the adjoining garage/barn could also be used to extend the living space, all subject to the usual permissions.

There is double glazing and the property is heated by means of the wood pellet burner and programmable electric heaters. There is individual mains drainage. The house is discreetly semi-detached (via barns).

The property and rear garden overlook fields (this is the first property on entering the village). Next to the property is a small, pretty former village "lavoir".
