DESCRIPTION

Historic Normandy Country Estate with Independent Guest Cottage, Professional Equestrian Facilities and Approximately 8 Acres

Some properties offer character.

Others offer opportunity.

Very few successfully combine history, lifestyle, established income and professional equestrian facilities in such an accessible location.

Approached via a private tree-lined driveway and surrounded by approximately 3.35 hectares (8 acres) of gently rolling pasture, this beautifully restored former fortified farmhouse presents a rare opportunity to acquire a genuine Normandy country estate where historic charm meets modern living.

Originally constructed during the mid-nineteenth century, the property has been sympathetically restored to preserve its architectural heritage whilst incorporating the comfort and practicality expected by today's discerning buyer.

Original stone fireplaces, exposed beams, generous ceiling heights and elegant proportions create a home of genuine warmth and character.

Extending to approximately 250 m² over four floors, the principal residence offers exceptional family accommodation.

The magnificent reception room centres around an impressive original fireplace and opens directly onto the rear terrace through French doors, creating an ideal setting for entertaining throughout the year.

The spacious country kitchen has been designed as the heart of the home and also enjoys direct access to the terrace for outdoor dining during the summer months.
