## IN BRIEF

This is a well presented family home in a quiet location. The nearest neighbours are approximately 240m (788 ft) away.

The property is heated by a woodburning stove, complemented by electric radiators. The generous living room provides ample space for seating and dining, while the spacious kitchen also offers plenty of room for everyday living. To the rear are a bathroom and useful utility room.

The outdoor space is a particular highlight. A newly laid terrace to the front provides space for seating and potential for a single-storey extension, subject to planning permission. The enclosed garden extends through a gravelled area with a well, past a pen for hens, to a large field with a fenced pond. Raised beds and a greenhouse provide plenty of space for growing vegetables, and the well provides water.

## DESCRIPTION

The property is approached down a single track tarmaced lane from the village road. On arriving at the property, double gates lead into the garden and the parking area. There is also a separate pedestrian gate.

The house is entered via a large entrance hall/office area/boot room with a velux window (10.51 sq m). A stable door leads through to the living room.

The living room (27.42 sq m) is dual aspect with views over the fields to the rear and the front of the property. There is a glazed door leading to the garden. The main focal point of the room is the large fireplace with woodburner. There is plenty of room for a dining table and chairs too.

A step leads into the spacious kitchen (21.48 sq m). There is a door to the front of the property onto the terrace and another leading into the kitchen garden. The kitchen has a wide range of units and space for a range cooker. Windows above the kitchen sink look over the garden and on to the fields beyond - what a delight!

A WC is located at the rear of the kitchen just next to the bathroom. The newly renovated bathroom (10.5 sq m) has a bath and separate shower. The bath is situated so it looks out through full height glazed doors into the garden. A dividing wall creates a utility area...
